# CORNING

VALID UNTIL  
31 December 2017

Ref. Code:  
CORN-COOL

## Purchase anything from the Corning Matrigel range and receive 15% off the CoolCell Starter Kits!

The Corning® XT Starter is an open-platform ice-free cooler that accommodates most CoolRack® and CoolSink® modules. Low profile and a small footprint make it ideal for use in the hood, keeping samples cold (0,5 to 4,0°C) up to four hours. 1° to 8°C temperature indicator provides visual assurance of temperature performance. To extend the cooling duration, keep an additional XT cooling core in the freezer and rotate the cores as needed prevent positioning errors.

Description	Unit of Measure	Code	List Price (excl. GST)	Sale Price (excl. GST)
Corning® XT Starter Complete, Low profile, Open Platform Ice-free Cooler	1 * 1 items	CORN432014	<b>\$427.00</b>	<b>\$362.95</b>
